

We move tomorrow's world. With you.

Steyr Automotive is an Upper Austrian company in the heart of Europe. We stand for the highest production competence, modern infrastructure and, above all, top qualified employees. Quality awareness, innovative spirit and teamwork are our philosophy.

We are establishing a competence center in Steyr for the mobility requirements of the future. The technological openness for sustainable drive concepts in synergy with more than one hundred years of experience in the development and production of commercial vehicles are the basis of our vehicles from Steyr for the international market.

In addition, with flexible production capacities that can be ramped up quickly, we are the partner for our customers in the context of industrial contract manufacturing.
